

EDUCATIONAL SYSTEM IN CATALONIA

1. You can see in the next figure, the structure of the educational system in Catalonia:

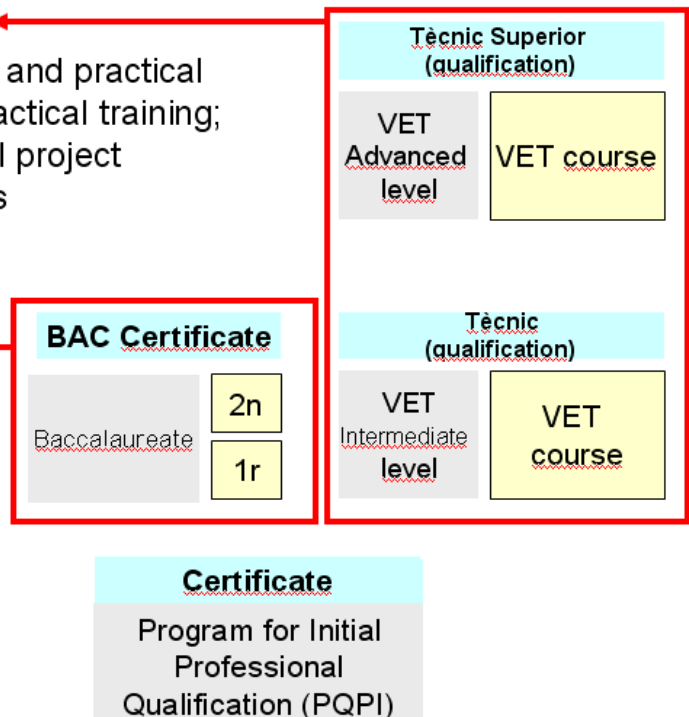

2. In the post-compulsory education, the possibilities are:

- 21 specialities
- 60 intermediate level courses
- 76 advanced level courses
- Structured in modules: theoretical and practical contents; transversal modules; practical training; in-company training modules; final project
- Duration: 1300 hours - 2000 hours

Four modalities:

- Nature and Health Sciences
- Technology
- Humanities and Social Sciences
- Arts

3. The specialities in the VET system are:

4. If you need more information:
